

The background is a deep blue gradient with a subtle pattern of white dots, resembling a starry sky. Overlaid on this are several faint, white geometric elements: concentric circles of varying sizes, some with dashed outlines, and a large circular scale with tick marks and numbers ranging from 140 to 260. Some of the circles have small arrows indicating a clockwise direction.

DAY 4 FLUTTER FESTIVAL

BY:

ETISHA JAIN

VISHU GOYAL

Day 4 FlutterFestivalBootcamp

Topic covered:

- Rows (mainAxis, crossAxis, Text direction)
- Columns (mainAxis, crossAxis, Text direction)
- Child and Children
- Container
- Text
- TextStyle (color, weight, backgroundColor, letter spacing, word spacing, font family, decoration, size, style...)
- Google Fonts import
- pubspec.yaml

MainaxisAlignment

---**space Around**--> some space for margin and divide equally between widgets

---**space between**--> only divide equally between widgets

---**space evenly**--> divides space equally (between margin as well as widgets)

CrossAxisAlignment

--- **stretch** --> stretches upto parent widget

---**baseline**

Container

width: double.infinity,

Container --> empty box in which we can put anything

Body and Conatiner can take only one child.So we need column and can give widgets

To give height and width and many note properties we use container.

FontfamilyFallback --> to give a fall back font if not supported

pubspec.yaml --> for importing things used from outside

The background is a gradient of deep blue and purple, speckled with white dots resembling stars. On the right side, there are faint, white geometric patterns: a large circular scale with degree markings (90, 100, 110, 120, 130, 140, 150, 160, 170, 180, 190, 200, 210) and concentric circles, and a smaller circular diagram with dashed lines and arrows. In the bottom left corner, there are more faint circular and curved line patterns.

THANK GOYAL
