

The background is a deep blue gradient with a subtle pattern of white dots, resembling a starry sky. Overlaid on this are several faint, white geometric elements: concentric circles of varying sizes, some with dashed lines, and a large circular scale with tick marks and numbers ranging from 140 to 260. Some of the circles have small arrows indicating a clockwise direction.

# DAY 1 FLUTTER FESTIVAL

BY:

ETISHA JAIN

VISHU GOYAL

## **Day 1 FlutterFestivalBootcamp**

### **Installation Steps:**

- *Install* Android Studio compulsory
- Install Flutter sdk
- Go to the website and just install <https://docs.flutter.dev/get-started/install/windows>
- Download flutter.windows.2.5.3.stable.zip
- Create a directory names as "src" in C-drive
- Paste the downloaded Zip file in src folder.
- Extract the files from that zip in src.
- Press start button and type env in window search box and press enter
- In environmental variables , Click on path and click edit.
- Click new and paster the path of the flutter sdk in the src folder till bin.
- eg: 'C:\src\flutter\bin
- Click Ok -> OK -> OK -> close ENV
- Open cmd prompt
- just type flutter doctor
- you will notic 2 issue in the flutter doctor
- open android studio, then open SDK manager
- Click on the SDK Tools tab near sdk platform right top side of the android studio platform.
- In SDK Tool, Click and check mark 3rd option 'Android SDK command line (latest).
- Click Apply -> OK -> wait for downloading -> finish -> ok and close the android studio
- Run flutter doctor in cmd promt Now you can see only one error is remaining
- type 'flutter doctor--android-licenses' and type Y to all the prompt that it will give
- Run flutter doctor again and this all your issues would be resolved
- Open Android Studio Click Plugins then -> type flutter in search bar and click Install -> ok -> install
- Click restart IDE -> restart
- Now you can see 'New flutter project'. Click on it and your first flutter project is created ( don't forget to provide your sdk path when prompted)
- eg C:\src\flutter

THANK YOU
